- Responsive Layout

## Experience

**Web Developer — WebArt Technology Pvt. Ltd.**

**June 2024 – Present**

*Role: Web Developer*

*Kolkata, India*

- **Converted PSD Designs to HTML:** Transformed design mockups from PSD files into clean, semantic HTML code, ensuring pixel-perfect fidelity to the original designs.
- **Responsive Web Design:** Developed responsive websites using CSS media queries to ensure optimal performance and user experience across various devices and screen sizes.
- **Collaborative Development:** Worked closely with designers and project managers to gather requirements and deliver high-quality web solutions that met client specifications and deadlines.
- **Cross-Browser Compatibility:** Implemented best practices to achieve consistent appearance and functionality of websites across all major browsers, enhancing accessibility for all users.
- **Performance Optimization:** Enhanced website loading speed and performance by optimizing images, minifying CSS and JavaScript files, and implementing efficient coding practices.

**Intern — WebArt Technology Pvt. Ltd.**

**March 2024 – June 2024**

*Role: Web Developer Intern*

*Kolkata, India*

- **Assisted in Web Development Projects:** Collaborated with senior developers to support the design and development of web applications, gaining hands-on experience in HTML, CSS, and JavaScript.
- **Learned Best Practices:** Engaged in code reviews and team meetings to understand industry best practices and improve coding skills, contributing to the overall quality of web projects.

## Projects

**American Arborline — HTML, CSS, Bootstrap, JS**

- Developed a responsive pop-up feature to enhance user engagement and lead generation.
- Created and optimized HTML structure for blog and service pages, ensuring seamless responsiveness across devices.
- Collaborated with the design team to maintain brand consistency and improve overall user experience.

**Hostgsm — HTML, CSS, Bootstrap, AOS**

- Built a robust HTML framework and responsive design for optimal cross-device performance.
- Designed user-friendly navigation and clean layouts to enhance user experience.
- Collaborated with the team to align designs with brand identity and messaging.

**Mentoria Guru — HTML, CSS, Bootstrap, JS, AOS**

- Designed and developed a fully responsive, user-friendly website using HTML, CSS, JavaScript, and Bootstrap, ensuring compatibility across all modern browsers and devices.
- Utilized JavaScript to create interactive components such as toggles, modals, dynamic navigation, and form behaviors to enhance user engagement.
- Integrated Swiper.js for smooth, touch-friendly sliders and carousels, optimizing for both mobile and desktop user experiences.
- Focused on clean, semantic HTML structure and modular CSS for better maintainability and scalability of the front-end codebase.
- Ensured performance optimization through lazy loading, minimized DOM manipulation, and structured animation timing for better UI responsiveness.

**Kolkata Realty Company — WordPress Elementor, AOS**

- Designed and developed a fully responsive WordPress website using Elementor, implementing custom animations and CSS to create an engaging, visually appealing, and brand-consistent user experience across all devices.
